DETAILED ACTION

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-17 are rejected under 35 U.S.C. 102(e) as being anticipated by Korenman et al. '322. Korenman et al. disclose an apparatus for facilitating management by an individual of a physiological and/or psychological state of the individual comprising a display for a set of images allowing an individual to show the individual chosen by the individual to one's self (col. 4 line 62) and a device for allowing the individual to choose images from the set of images (col. 4 lines 59-60).

Response to Arguments

Applicant's arguments filed 8/22/03 have been fully considered but they are not persuasive. Applicant argues that there is no disclosure in Korenman et al. of displaying images to oneself based on a personalized image profile based on cognitive decisions relating to connectedness, valence and arousal and on biometric analysis. With the Korenman et al. device the user selects images relating to or concerning the user's substantially current psycho-physiological condition. A user would inherently feel a connection to these images since they are relating to a condition being suffered by the user.

Conclusion

Art Unit: 3739

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
